

# ScienceDirect Books Focus Collections

In solving today's complex challenges, researchers have extremely diverse needs and require a wide range of content types to address them

## Focus Collections provide:

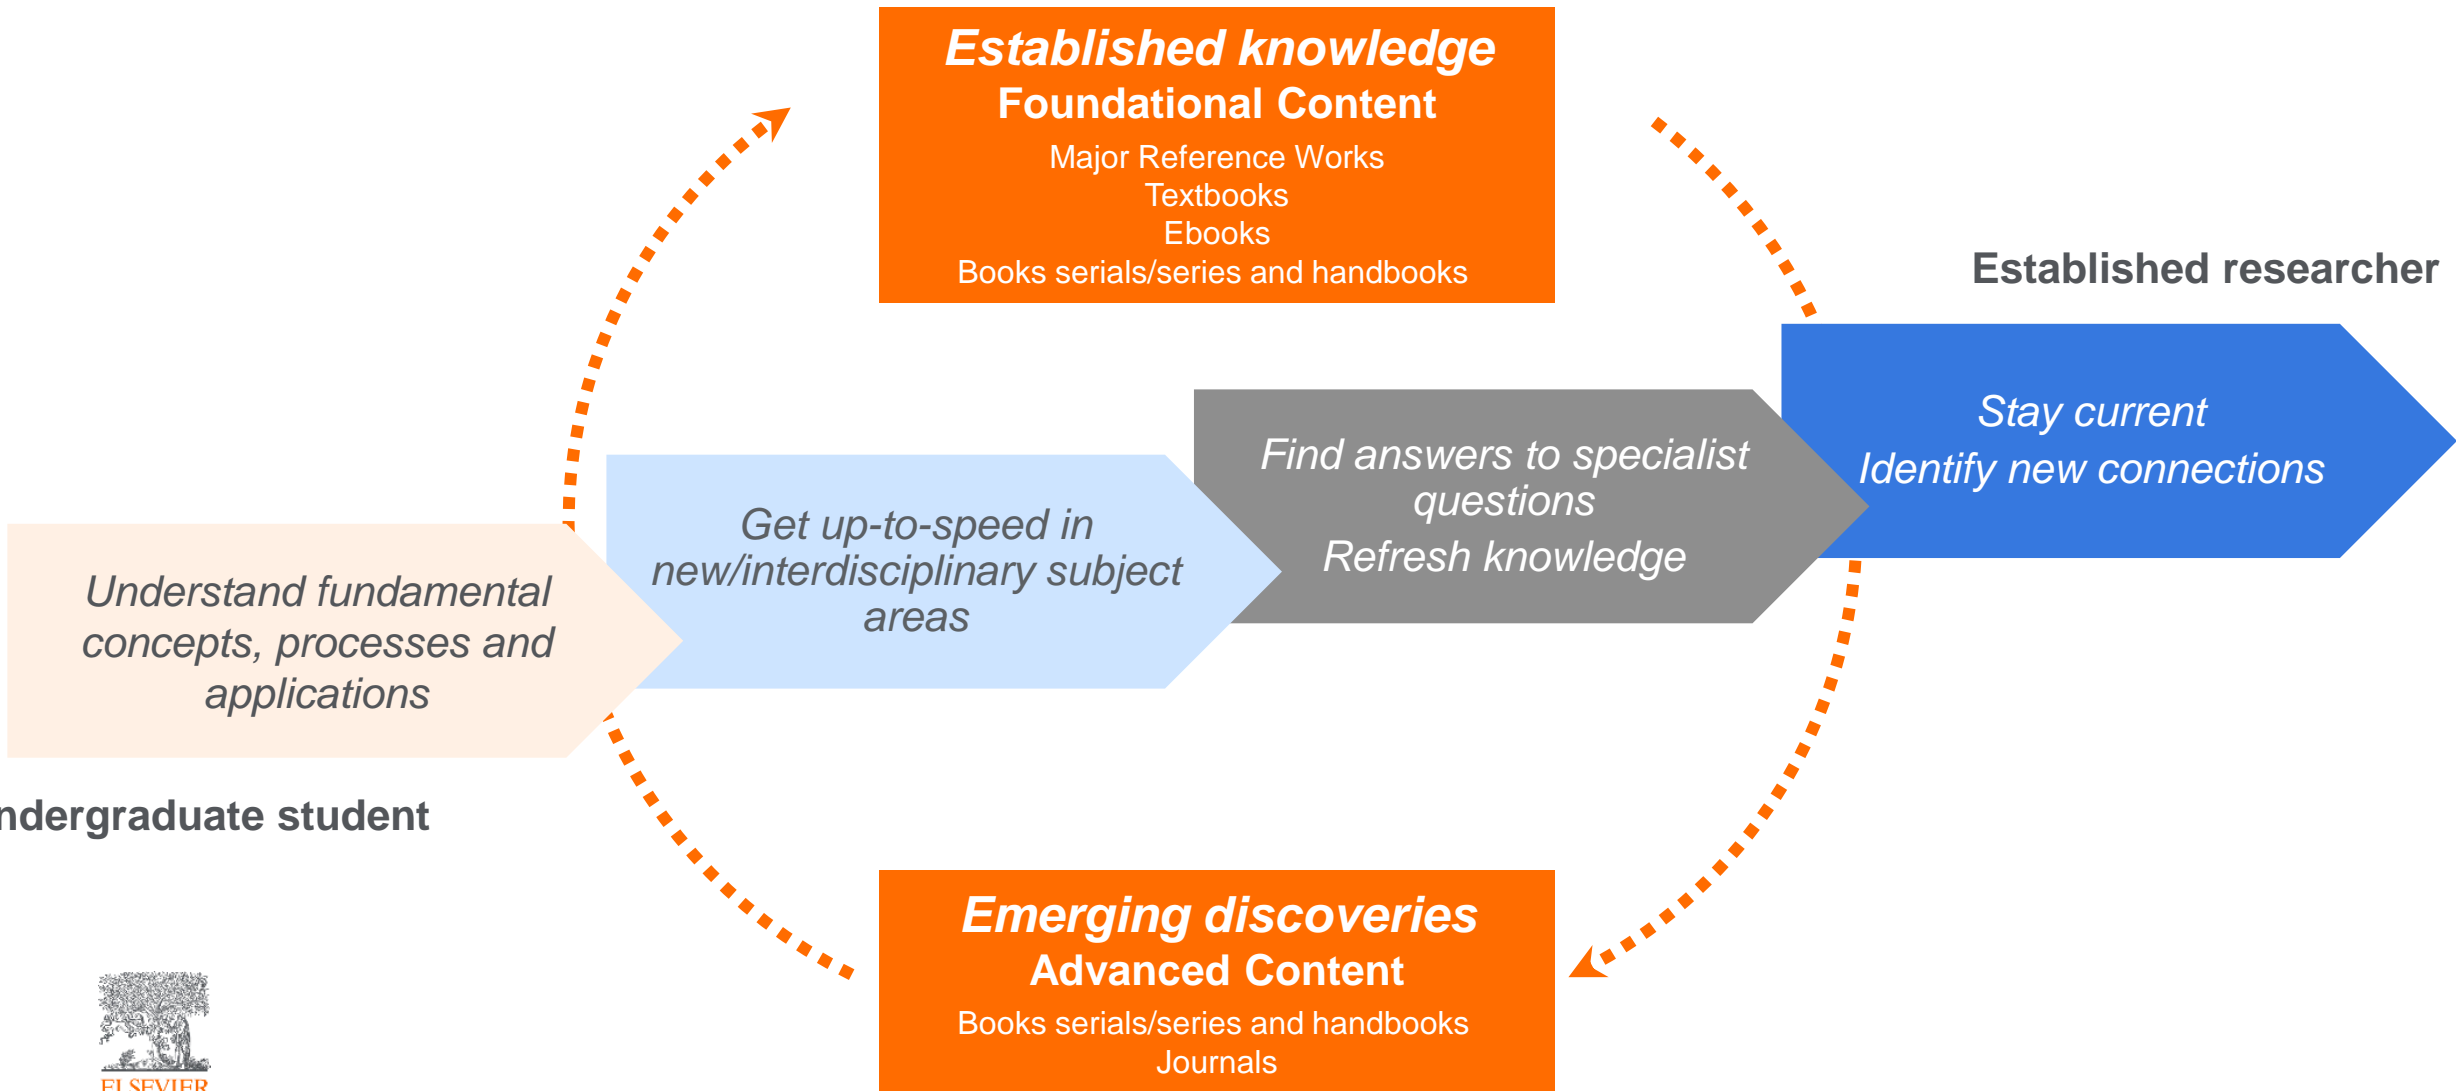

Access to **all years** of content available on ScienceDirect from our first title published in 1896 to our latest **Frontlist titles**

Full coverage across **all book content types**, designed to solve different user needs

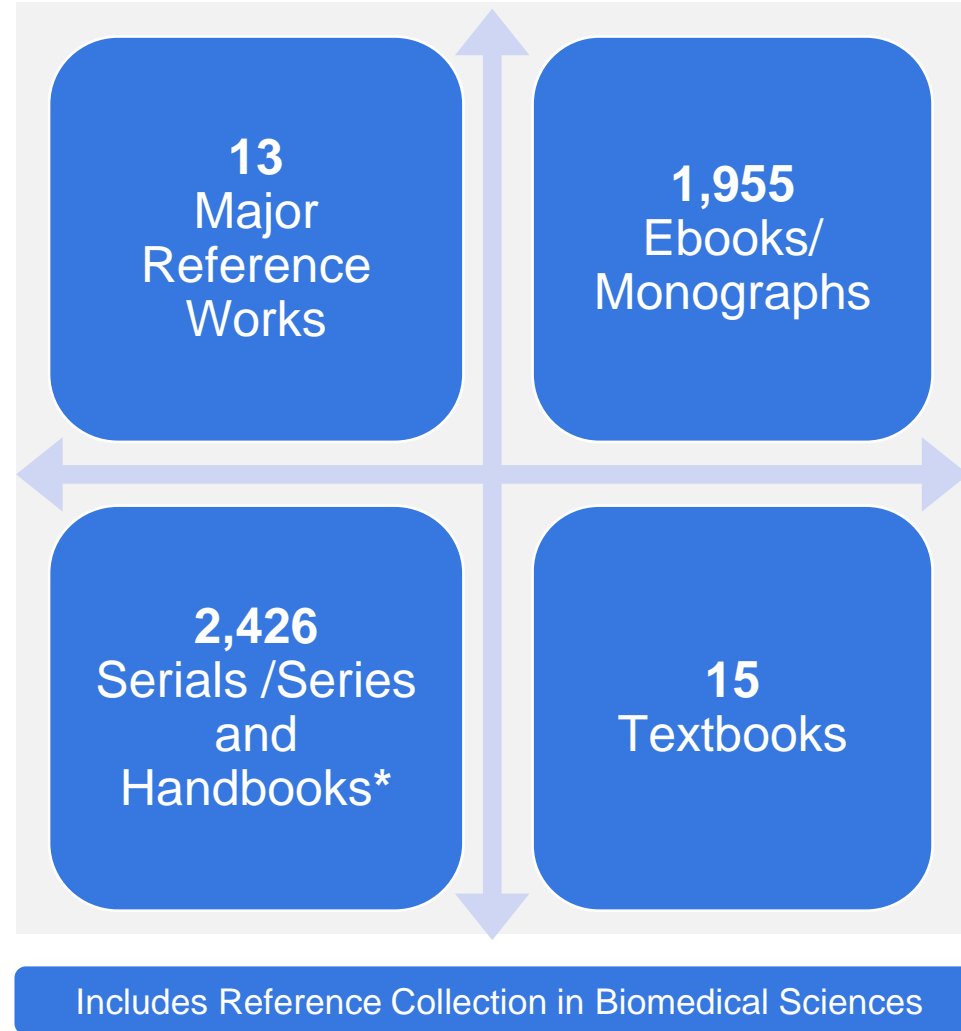

# Support your researchers' entire research journey

# Biochemistry, Genetics and Molecular Biology

## Key Areas

- Molecular, Cell and Developmental Biology
- Biochemistry
- Genetics
- Genomics
- Microbiology, Virology and Parasitology
- Immunology
- Professional & Career Development
- Laboratory Animal Medicine

# Earth and Planetary Sciences

## Key Areas

- Geochemistry & Petrology
- Geology
- Applied Geoscience
- Space and Planetary Science
- Geophysics
- Atmospheric Science
- Earth Surface Processes
- Oil & Gas Exploration
- Data in Earth Sciences
- Air Pollution/Air Quality
- Astrophysics
- Space Missions
